

# David & Sonja Selley

**PRESENT**

*MUSIC*

*MOODS*

*MEMORIES*

As the Enrichment Coordinator/ Activity Director you have the awesome responsibility of keeping your residents busy, happy, and bringing added value to their residency. OUR PROGRAMS help you do that. Our flagship show and theme is of course, **music moods & memories**.

But we also make your job easier by offering programs for special occasions (mothers day fathers day etc and custom programs like "you be the conductor" or for special events for birthdays, travel, spiritual etc. (see below for details.)

**BASIC PROGRAM.** Music Moods & Memories. A 55 minute audio visual roller coaster ride up down and through memory lane using a series of superb short videos with great music and sound system. This creates a rich emotional experience for the residents..

**SPECIAL EVENTS / OCCASION PROGRAMS.** We incorporate some of the basic show elements into these programs but highlight the "special occasion" with additional and specially selected videos commentary and where appropriate costuming, theatrical or comedy narration. It's a lot of fun for the residents and a break from the norm. Special occasion programs are available for the following: Christmas, Valentines day, St Patrick's day, Easter, Mothers day, Fathers day, Cinco De Mayo, Halloween, Veterans day and Thanksgiving. Our special events show can be custom designed for the following types of shows: You be the conductor, sports, travel, health, birthdays or comedy. You can book ahead to lock in a booking as the calendar fills up fast.
